

On November 16th, 2009, CIPF announced the official launch of the Canadian Investor Protection Fund's new Membership Symbol in both graphic and text versions.

The use of the acronym: “Member CIPF” is replaced with “Member-Canadian Investor Protection Fund” and other variations as detailed in the guidance referred to in the Members Section of the website.

Members have until May 31, 2011 to complete these changes so there will be a period of time when both the old and new graphics and the acronym will be in use.
